

APPLICATION REQUIREMENTS

There are a few requirements you'll need to check off before you can submit your application for review. We'll go over each piece of required information to make sure you know everything there is to know about completing an application.

All applicants must meet the following criteria prior to completing an application:

- You must be an initiated member in good standing of Kappa Delta Sorority.
- Applicants may receive more than one scholarship, so apply for our merit-based, need-based and Corre Anding Stegall Collegiate Leadership award scholarships.
- You must be attending school in Fall 2022 as a full-time student (part-time is ok for graduate applicants).

THINGS YOU NEED

- You'll need to complete the scholarship application online (no snail mail, please!)
- Unofficial transcripts from each college or university you've attended. You'll upload them to the online application.
- Responses to the essay questions. The essay questions help our Application Review Committee better understand the experiences and needs of each applicant.

Tips for writing your essays:

- Use fewer words. Each response has a maximum number of words. Your answers should not exceed this limit. However, you're encouraged to speak from your heart. We want to hear from your authentic self!
- To ensure your identity is kept anonymous, DO NOT include any personal identification words while writing your essays. Words to avoid include:
 - Your first and/or last name
 - Names of chapter members or alumnae
 - Names of family members
 - Names of professors or other academic professionals
- Proofread! Type your responses in a word document prior to copying and pasting them into the essay fields within the application. This will help you avoid spelling or grammar mistakes! You can also have a sister or friend proofread your essays, too.
